### FEATURE TO BE IMPLEMENTED AND THEIR REASON

#### 1) One-Tap Medicine Refill Reminder

*“We’ve added a simple one-tap refill reminder so patients never run out of essential medicines—this means better care for users and recurring revenue for 1mg.”*

#### 2) Smart Cart with Generic Alternatives

*“Our smart cart suggests affordable generic alternatives and warns about medicine interactions—this builds trust while driving more successful checkouts.”*

#### 3) Voice Search for Medicines

*“Typing complicated medicine names is frustrating, so we built voice search in English and Hindi—making 1mg inclusive and accessible for everyone.”*

#### 4) One-Swipe Reorder from Homepage

*“With a single swipe on the homepage, users can reorder their last prescription—boosting convenience for patients and repeat orders for 1mg.”*
